

Burgers / ID / 500 random space-time points / sample 0

FM4PDE reference only; CoCoGen comparison is pending.

Sample 0 selected by index; only solution observations. Shared color scale across all six pages; no interpolation.

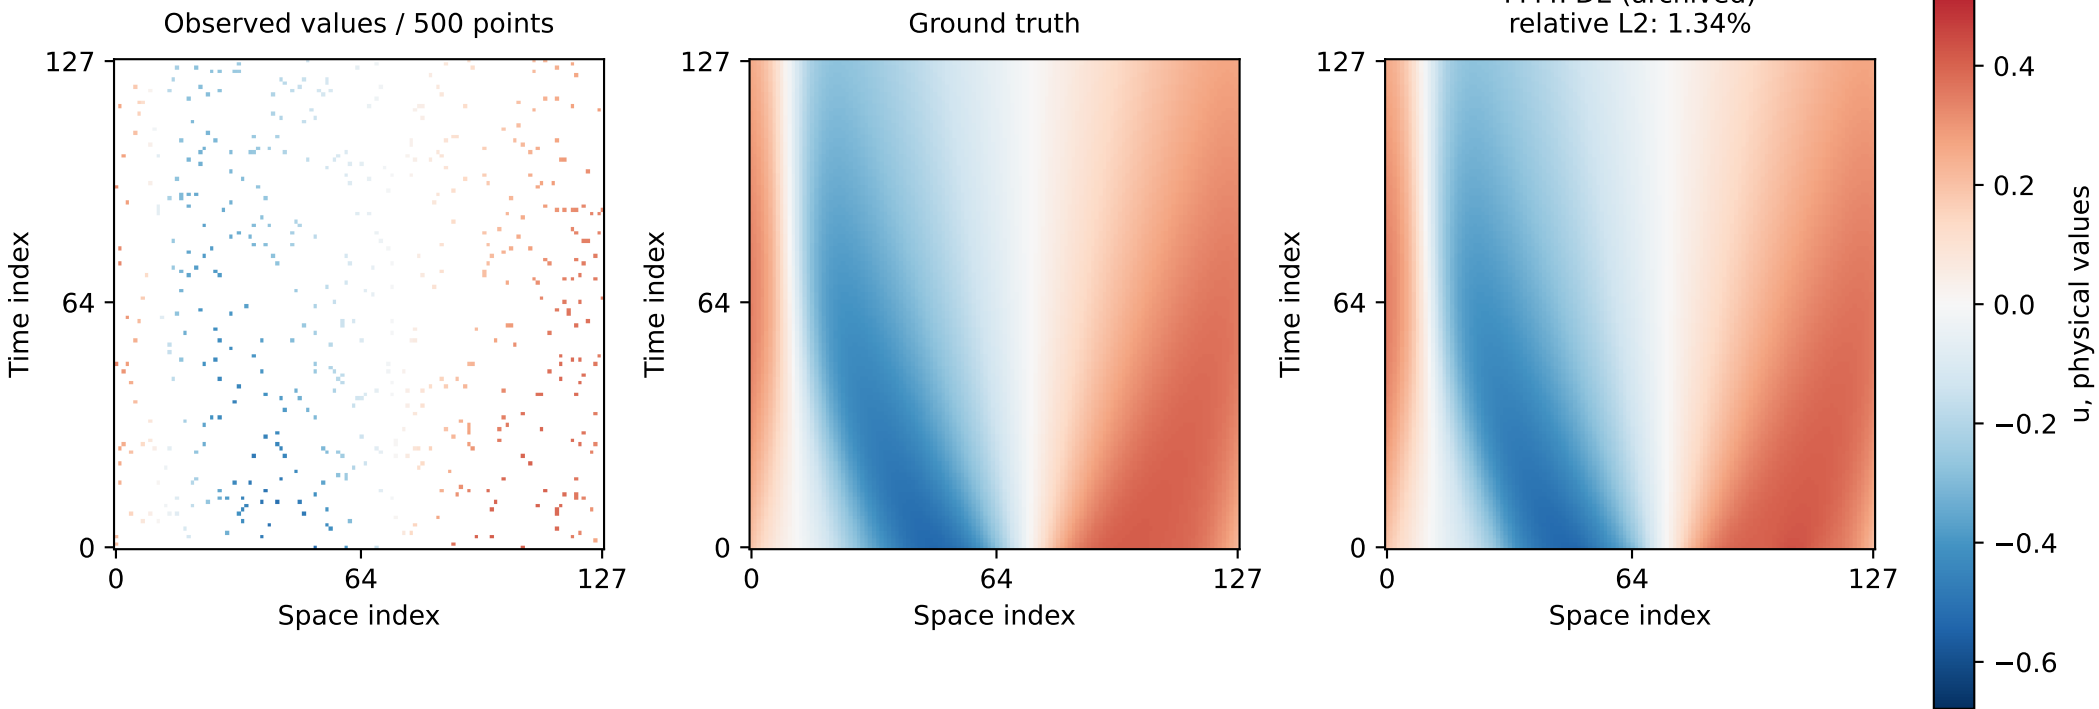

Burgers / ID / 5 fixed spatial sensors / 128 time levels / sample 0

FM4PDE reference only; CoCoGen comparison is pending.

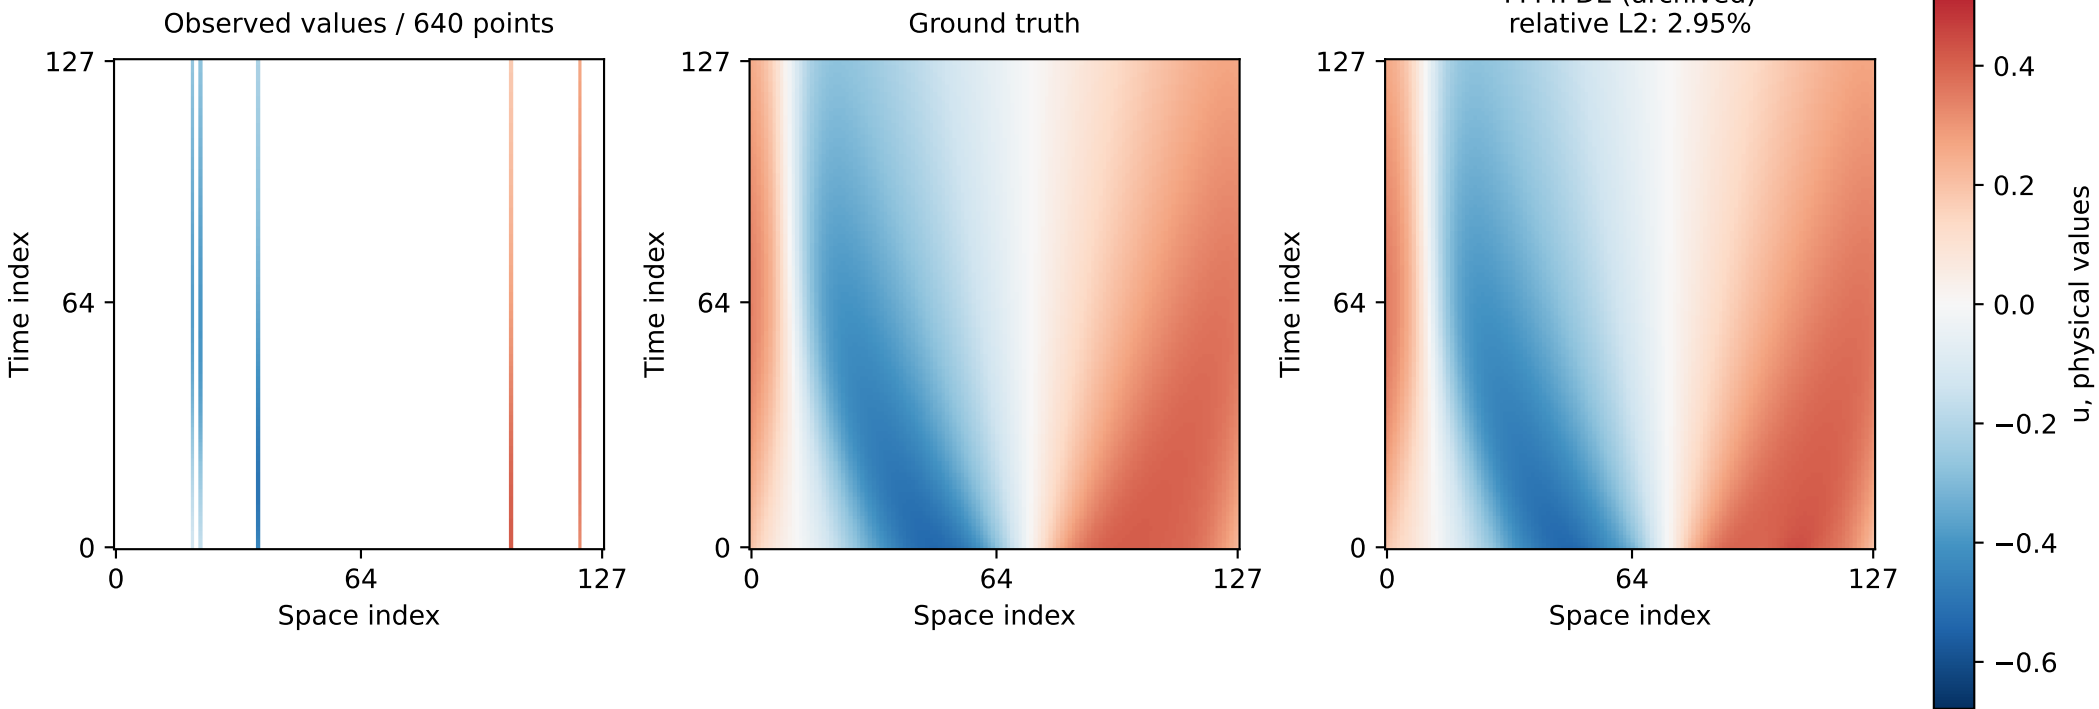

Sample 0 selected by index; only solution observations. Shared color scale across all six pages; no interpolation.

Burgers / SMOOTH / 500 random space-time points / sample 0

FM4PDE reference only; CoCoGen comparison is pending.
Sample 0 selected by index; only solution observations. Shared color scale across all six pages; no interpolation.

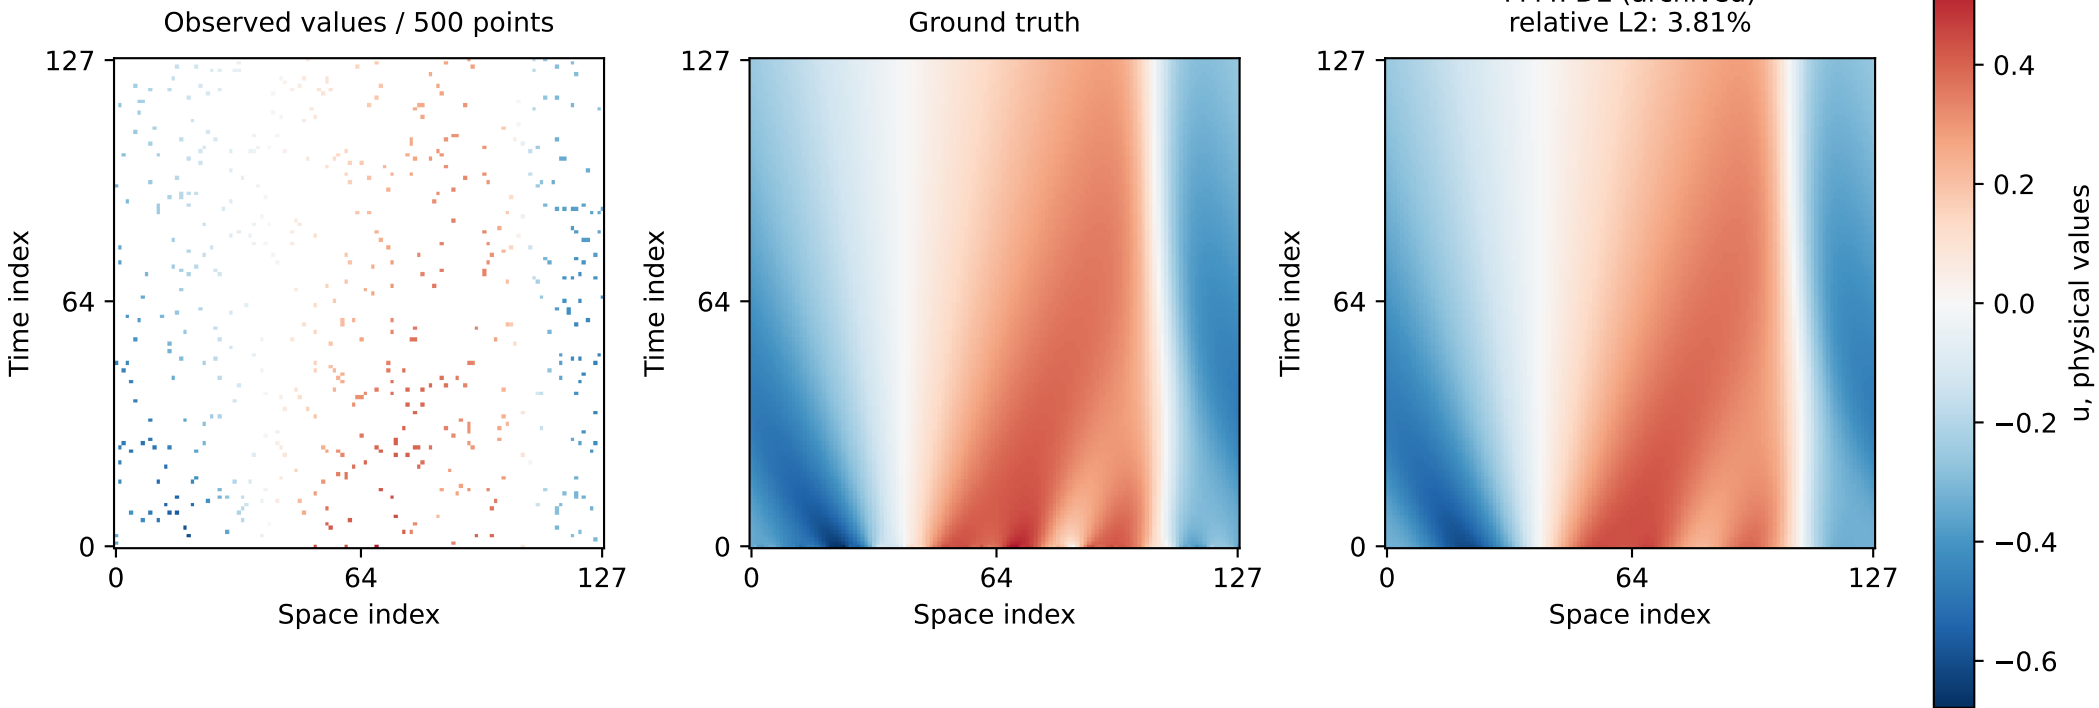

Burgers / SMOOTH / 5 fixed spatial sensors / 128 time levels / sample 0

FM4PDE reference only; CoCoGen comparison is pending.

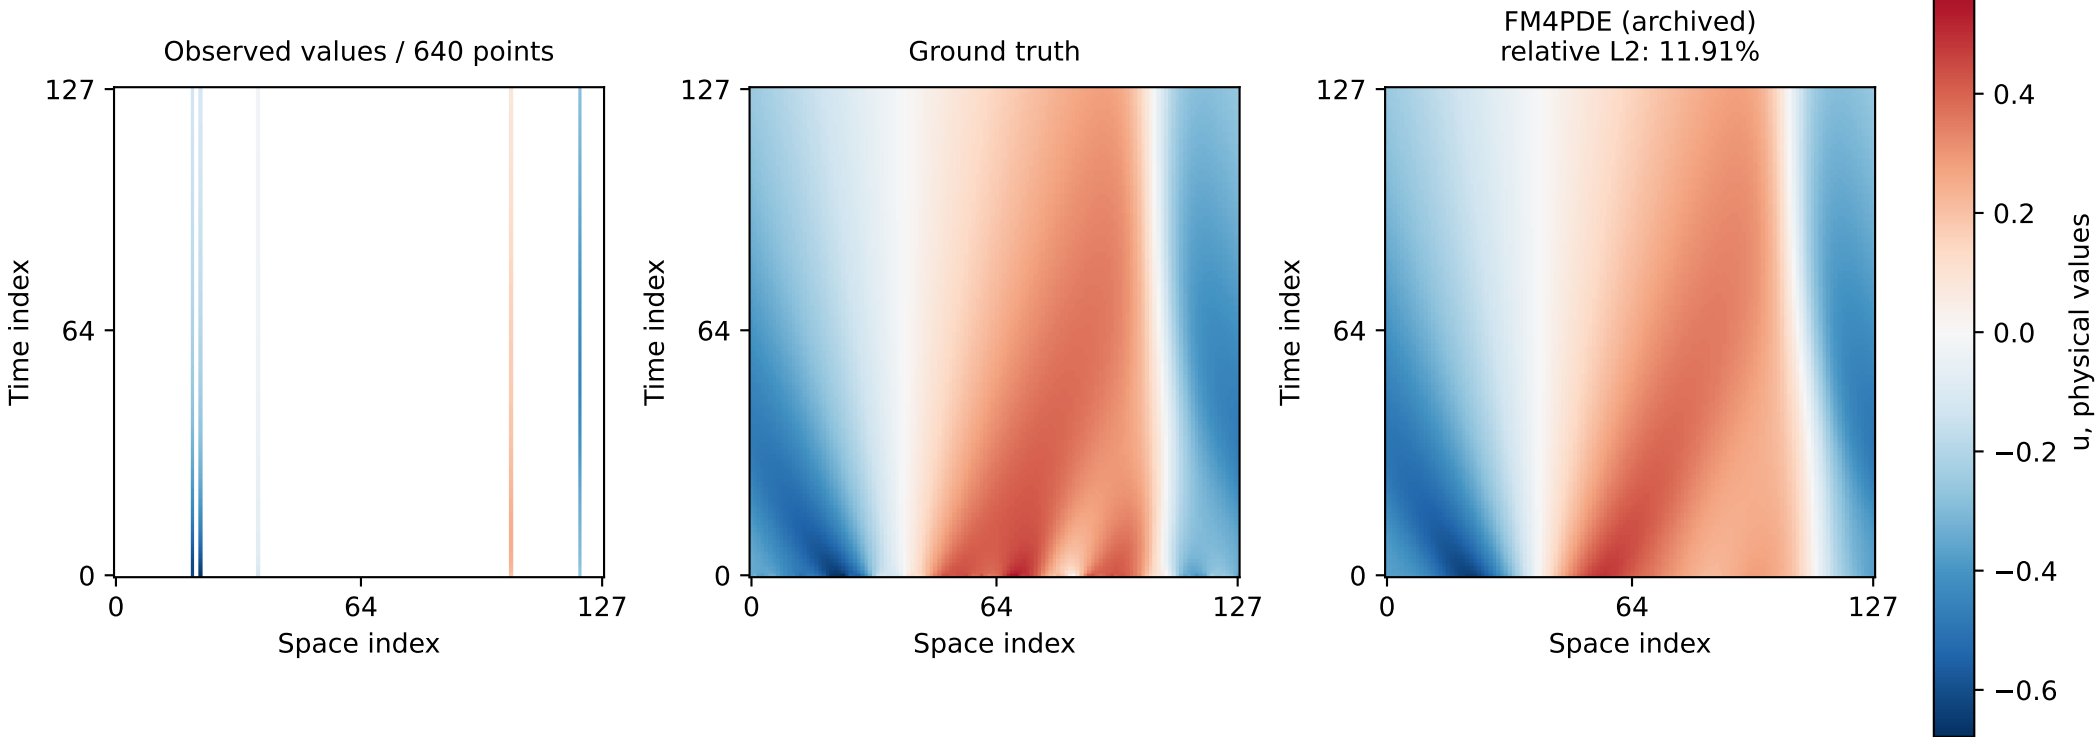

Sample 0 selected by index; only solution observations. Shared color scale across all six pages; no interpolation.

Burgers / ROUGH / 500 random space-time points / sample 0

FM4PDE reference only; CoCoGen comparison is pending.
Sample 0 selected by index; only solution observations. Shared color scale across all six pages; no interpolation.

Burgers / ROUGH / 5 fixed spatial sensors / 128 time levels / sample 0

FM4PDE reference only; CoCoGen comparison is pending.

Sample 0 selected by index; only solution observations. Shared color scale across all six pages; no interpolation.
